

# TRANSED 2010 Pre-conference Workshop

**ORGANIZER**  
Centre for Research and Technology Hellas/ Hellenic Institute of Transport,  
Greece

Mobility Schemes Ensuring  
**ACCESSibility** of Public Transport  
for **ALL** Users

## Access

# 2all

## WHAT is featured in the Workshop?

The workshop theme is "Accessibility of Public Transport Mobility Schemes for All Users". Key research partners on the European Access2All project will present the near final results of the work undertaken, including the coordination of current research efforts, the production of common research roadmaps, the identification of best practice models, the creation of best practices database, the definition of priority implementation scenarios and the appropriate use of information and communication technologies (ICT) and networks, all towards the creation of an accessible public transport environment for all users. In addition, the workshop will provide a forum for interested TRANSED 2010 delegates working on related research initiatives worldwide, to discuss issues, propose solutions and foster future research and cooperation opportunities on public transport accessibility.

**1 June  
2010**

A.M. Session  
(9:00 am to noon)

"New mobility concepts for passengers ensuring accessibility for all"  
Coordination Action

## WHERE will this take place?

At the Hong Kong Convention and Exhibition Centre,  
1 Expo Drive, Wan Chai, Hong Kong

## WHO should attend?

Public transport operators, researchers, rehabilitation professionals, travelers with disabilities, government departments manufacturers and suppliers

## HOW can you benefit?

Participants will learn about the work performed within the ACCESS2ALL FP7 Coordinated Action project and its results. Delegates will be able to contribute to the definition of mobility schemes and concepts and on recommendations for guidelines, policies, research and implementation programs. They will be able to bring home the contacts and knowledge gained for implementation in their respective countries.

LANGUAGE of the Conference: English

## Registers NOW!

For registration of TRANSED 2010, the Access2All workshop, and hotel booking, see  
<http://www.transed2010.hk/front/Registration.php?>
